We are a team of IT-engineers and consultants, based in Munich. We offer full service for hardware, software, server installation as well as a vast range of support of our customers' IT infrastructure. No solution is too special for us, we deal with the individual requirements in detail.

As of now we are hiring a **DevOps/Container Engineer Fulltime** (40 hours/week), in Munich/Remote

Your tasks:
- Support of various customers with projects in the Linux and DevOps area
- Design and installation of complex IT infrastructures
- Installation of web and application servers in our virtualized environment
- Automation of recurring tasks and processes, including tools like Puppet, Chef and/or Ansible
- Administration and support of Linux systems
- Deployments and troubleshooting

Your profile:

Must have:

- Familiarity with container orchestration services, especially **Kubernetes**.
- Experience administering and deploying development CI/CD tools such as **GitHub, GitLab**, **ArgoCD** or **Jenkins**.
- Other automation/configuration tools (e.g. **Ansible**, **Terraform** or similar)
- Several years of professional experience in the administration of Linux system environments and have a sound knowledge of common **Linux** distributions (such as RedHat, CentOS, Debian and Ubuntu)
- Experience with infrastructure scripting solutions such as **Go** or **Python**
- Build independent web-based tools, microservices and solutions
- Knowledge in container technology (**Docker/Podman**)
- Knowledge in **monitoring** solutions (ELK, Grafana, Prometheus or equivalent)
- Knowledge of Linux web services and application servers (**Apache**, **Nginx**, Tomcat, JBoss etc.)

What's more:

- Knowledge in the areas of **virtualization** with Vmware
- Knowledge of databases (e.g. PostgreSQL, MySQL, MongoDB, etc.)
- Experience with **Windows** operating system environments.
- A reliable and independent way of working, a structured and systematic style of working, good communication skills as well as written and spoken English complete your profil.

- German language skills would be desirable, but are not a prerequisite.

We offer:
- An interesting and family-like working environment in an international company where we want to encourage and challenge you
- A secure and modern workplace
- Self-realization, fun and a great atmosphere
- Performance-related salary
- Flat hierarchies
- Permanent employment contract
- Employment remote in India possible
- Team meetings and events
