

We are a team of IT-engineers and consultants, based in Munich. We offer full service for hardware, software, server installation as well as a vast range of support of our customers' IT infrastructure. No solution is too special for us, we deal with the individual requirements in detail.

We are hiring for a **Full Stack Software Developer (m/f/d) Fulltime** (40 hours/week), full remote

#### Your tasks:

- Provide high quality technology solutions that address business needs by developing applications
- Troubleshoot, debug and upgrade existing software solutions
- Recommend and execute code improvements
- Integrate software components and third-party programs
- Create technical documentation for reference and reporting
- Working with APIs
- Develop clean, efficient code based on software specifications and requirements

#### Your profile

##### Must have:

- Code **refactoring** techniques in Software Engineering
- Worked with front-end and back-end development
- Proven experience as a Software Developer in the **Open Source** area
- Knowledge of one or more object-oriented coding languages (e.g. **Java, Python, C#, C++**) and frameworks/systems (e.g. **AngularJS, Spring**)
- Resourcefulness and troubleshooting mindset
- Awareness of version control (e.g. **Git**)
- Knowledge on code repositories
- Experience with **testing concepts** (e.g. Junit, Selenium)
- Hands-on experience with implementing and using REST APIs
- Solid understanding of data structures and design patterns
- Awareness of virtualization and containerization (**Docker**)
- Experience configuring and using databases
- Excellent verbal and written communication skills in English

##### What's more:

- References through Git/Github/Gitlab would be an advantage

- Ability to learn new Open Source technologies and work on integrating them with other solutions
- Good understanding of Cloud, On-premise and SaaS environments
- Knowledge in automation tools like Ansible, Scripting, Puppet, Chef
- Familiarity with agile development methodologies and CI/CD
- German language knowledge would be a benefit

**We offer:**

- An interesting and family-like working environment in an international company where we want to encourage and challenge you
- A secure and modern workplace
- Self-realization, fun and a great atmosphere
- Performance-related salary
- Flat hierarchies
- Permanent employment contract
- Team meetings and events

**Have we sparked your interest?**

Then we look forward to receiving your application documents, stating your availability and salary expectations, by e-mail to: [human\\_resources@far-galaxy.net](mailto:human_resources@far-galaxy.net),

If the profile does not completely fit you, but you are willing to delve into new subjects, send us your application. We will discuss with you whether the position is a good match for you.
